You are to write a 100 word memoir detailing how you became the person you are today. You may focus on what makes you conform, what makes you different, who you are as a reader or writer, or anything else from your writer's notebook. You should write 90-110 words (more or less will result in a point deduction). Make sure to have clear explanations. Keep in mind that if you include any information I am required to report, I will have to report it. You need to make certain that you are writing in complete sentences. You should not have any overused or non-specific words. Exciting, vivid words should be chosen. You must fill out the attached Revision Checklist for Best Draft to submit with your work in order to receive credit.
